## Itinerary

The route starts in Eggen at the car park after the hairpin on the main road at the exit of the village or from the postal stop «Eggerberg, Eggen» Follow the indications of the hiking trail uphill which crosses some houses and joins the road of Eggen. Follow this road uphill for a few meters and turn left up the road towards « Finnu».

Follow this fairly steep climb for about 400 meters to reach a junction at the height of the Bisse de Görperi. Head east towards Howang by taking the path downstream of the bisse. After 600 meters slightly downhill, the route joins the Eggen road to be followed uphill for 200 meters to reach the fork downstream of the road towards Howang and Oberi Brich. Continue towards Bobma. Cross the hamlet of Bobma towards Egga following an agricultural road (eastbound). At the end of the agricultural road turn left by taking a path upstream of the road towards the place called «Blaasi». From there, turn left (west) towards altitude point 1485 (Flüokapalli).

Continue towards Meinumatta (altitude point 1571) and continue towards Finnen (Finnu) following altitude points 1569, 1581, 1472. Cross the beautiful hamlet of Finnen towards Eggen via a downhill path that cross the motorable road twice and reach the junction at the height of the Bisse de Görperi. Continue down towards Eggen and the starting point.
