Corbeyrier - Les Agittes

Itinerary

The route begins in front of the EMS Victoria establishment on the Route des Fours à Mathieu. Take the uphill forest path next to the «Vers la Doey» bus stop. Follow this very steep path which crosses and rejoins the Agittes road 3 times. When the route rejoins the Route des Agittes for the third time, follow it for 100 meters uphill and turn left by the forest path.

Follow the signs for Les Agittes. The elevation is significant over 1 km. After this steep climb, the route joins the Agittes road to follow for 500 meters and just before the entrance to the tunnel turn right in the direction of Agittes. Once at the top we leave the forest to discover a magnificent panorama of the Pre-Alps and Lake Geneva. Cross the mountain pastures following the forest road. At altitude point 1544, follow the route des Agittes on the left for 150 meters and at altitude point 1537 turn right towards the Grand Chalet. Direction Roche, Corbeyrier, les 4 Mélèzes (! there are several routes to reach Corbeyrier).

After 2.5 km of descent, the route joins the junction for Corbeyrier, this part of the descent is difficult with some passages very exposed to slipping and two passages equipped with handrails. Follow this path to the starting point crossing a deciduous forest.
